

## PFAS FREE STATEMENT BIONICPROTECT

PFAS stands for poly- and perfluoroalkyl substances. This concerns substances with harmful effects for health and the environment, which are or are being phased out by law (already placed on the REACH list). Bionic Technology Global BV, producer of BionicProtect, hereby declares that all its coatings are completely free of PFAS. Every produced BionicCoat therefore complies with the applicable laws and regulations.

**Signed by the management for correctness and completeness:**
